

GUARDIAN 4SAS-12

NIJ CERTIFIED 0101.06 (NIJ 06) LEVEL IV STAND ALONE BALLISTIC PLATE

Overview

The Guardian 4SAS-12 Level IV hard armor plate provides multi-hit protection against armor piercing rifle threats and shrapnel to improve the performance of tactical ballistic vests and EOD search suits. It is manufactured using our Advanced Ballistic Matrix Materials and processing system. The plate has an ergonomic shooter's cut design that allows for better positioning of a firearm against the shoulder and increased mobility while maintaining protective coverage over the vital organs. The Guardian 4SAS-12 utilizes our newest tooling and advanced material and process technology to provide a robust ceramic composite armor solution which meets and exceeds the new NIJ 0101.06 requirements for ballistic threats, durability and harsh conditioning.
