

STRIKER ACH-3A

LIGHTWEIGHT BALLISTIC PASGT HELMET - LEVEL IIIA + PADS AND 4-POINT HARNESS

Overview

The Striker ACH IIIA is designed according to the latest US Military requirements, utilizing the most advanced ballistic protection against handgun ammunition. The shell is composed of multi-layered advanced composite; The harness assembly consists of the ACH Comfipad suspension system and a four point harness with a leather lined chin strap. The reduced profile enables a wider peripheral and upward field of view, for better situational awareness and unrestricted movement, and also accommodates protective goggles, night vision goggles (NVG), and a communication system. The helmet can be fitted with ballistic or riot visors. The Striker ACH IIIA is typically used by ground troops, police forces and special units and is ideally suited for urban warfare.
