

# BELLFIRE B3A, BL3A

## BALLISTIC SHIELD

### Overview

The Bellfire B3A-BL3A ballistic shield is designed for safety, coverage, protection, maneuverability and tactical advantage. The shield body is manufactured using our Advanced Ballistic Matrix Material and processing system. The large curved viewport provides the user with a wide forward view for increased situational awareness. The ambidextrous lightweight nylon handle allows use of either arm with various grip options, enhancing tactical movements and longer use without fatigue.

### Features

- Armor Materials: ABMM (Advanced Ballistic Matrix Material)
- Ballistic protection against handgun ammunition
- 4 x 16 Inch ballistic viewport
- Lightweight handles allow for grip and hold with either arm
- Multi-hit capability
- Black with transparent viewport
- Nylon shoulder strap

### Design & Construction

- Shield: Advanced ballistic composite Level IIIA
- Viewport: Ballistic Polycarbonate Level IIIA
- Optional light: High power police LED
